#### 1 Products Nature and Risks

Trading precious metal on margin carries a high level risk, and only be suitable for professional investors and legal entities. This application ("App") allows client to trade on leveraged basis. The high degree of leverage can work against client as well as for client. A relatively small market movement may have a proportionately larger impact on the trading account. Client may sustain a total loss of initial margin funds and any additional funds. So, speculation in the precious metal market should only be conducted with risk capital that its loss will not significantly affect client's personal or company's operation. If client has any doubts, client is advised to seek advice from independent financial advisor or other professional.

#### 2 Market Commentaries

Any commentaries, opinions, news, research, analyses, prices, or other information contained on this App is provided as general market commentary, and does not constitute investment advice. EGSO will not accept liability for any loss or damage, including without limitation to, any loss of profit, which may arise directly or indirectly from use of or reliance on such information.

#### 3 Online Trading Risks

There are risks associated with utilizing an Internet-based deal execution trading system including, but not limited to, the failure of hardware, software, and internet connection. Since EGSO does not control signal power, its reception or routing via Internet, configuration of your equipment or reliability of its connection, we cannot be responsible for communication failures, distortions or delays when trading via the Internet. EGSO employs back up systems and contingency plans to minimize the possibility of system failure, and trading via telephone is always available. However, you are encouraged to use the designated dealing hotlines when this App is unavailable. However, the dealing hotline may be overloaded and your phone calls may not reach the designated dealing staff.

#### 4 Market Risk and Online Trading

This App provides sophisticated order entry and tracking of orders. All stop-loss, limit and entry orders are NOT guaranteed. Trading on-line, no matter how convenient or efficient does not necessarily reduce risks associated with precious metal trading. All quotes and trades are subject to the terms and conditions of the Client Agreement accessible through [www.egoldsilver.com](http://www.egoldsilver.com).

#### 5 Demo-Trade Account

You will not be liable for any losses involved in the demo-trade accounts provided by EGSO for the purpose of trade practicing with no real fund flows. Similarly, you can not withdraw any profit or balance from the demo-involved trade accounts. All demo-trade accounts will only be valid before its expiry dates, which are subject to modification under full discretion of EGSO.

#### 6 Stop-loss, Limit and Liquidation Orders

You can set stop loss/limit orders for your open positions. Please note that after you liquidated the open positions, the related stop loss/limit orders will still be shown in the "Pending Orders", however, the orders may match with market prices and be cancelled. Moreover, to liquidate your open positions, you can only place your orders in the "Open Positions" window in this App. Please note that any orders placed in the Price Quotations window will be treated as new orders only.

#### 7 One-Click Execution

The One-Click Execution ("One-Click") for market order submission is a one-step process. Using the One-Click, your market order will be submitted when you single-click on the rate. There will be no subsequent confirmation prompt for you to click. By choosing One-Click, you understand that your orders will be submitted upon your clicking of the rate, without any further order confirmation. You agree to accept all risks associated with the use of the order submission mode you have chosen, including, without limitation, the risk of errors, omissions or mistakes made in submitting any order.
